I listened to advice from folks smarter than

me,        hmm,        and I ignored it.

I listened to hatred from folks richer than

I listened to music from folks darker than me, and you know I adored it.

First comes a point in ev'ry bod'y's life when they gotta stand up and face a fight.

Then comes a point in ev'ry bod'y's life when they gotta wonder if they done right.

I swallowed my fear, followed my heart right here.
and through it all, one al-might-y thought stood clear:

Listen to the beat, listen to the beat. Play it! Obey it! Love it with,

Listen to the beat, listen to the beat._

ALL OTHERS:

Listen to the beat, listen to the beat._

it! Obey it! Love it with,_

Play it! Obey it!
love it with your feet.

Love it with your feet.

listen to your soul, listen to your soul.

Heed it, ya need it.

Let it make, let it make you whole.

ya need it.
And if ya listen to the beat and hear what's

in your soul, you'll never let anyone steal

your rock 'n' roll!

Listen to the beat, listen to the beat.
